## Electric scooter EES21 BL/RD/WH

This electric scooter will take you to your destination quickly, safely, and without waiting in traffic jams. It is a means of transport which is an excellent alternative to a car or a bicycle. It will also work well if you commute to work or school by train, bus, or tram. It is also a great toy for younger users, which will encourage them to spend time outdoors, and practise movement coordination. Riding an electric scooter is a lot of fun.
