## GET THE PARTY STARTED!

A big party for friends, karaoke, or maybe a sound system for a classroom or a dance hall? All this is possible with PRIME3 power audio systems. High-quality sound, awesome musical experience, as well as excellent materials and workmanship, guarantee the success of any meeting, which will long remain in the memory of the invited guests. The devices have a built-in Bluetooth module, so you can easily play music from mobile devices such as smartphones and tablets, and listen to your favourite songs stored in your own music library, streaming services, and from online radio stations. They are also equipped with a USB port and an SD-card slot, allowing you to connect any media on which MP3 and WMA music files are stored to the device. The AUX port allows you to connect any external player to the speaker. Some models are also equipped with an FM radio, so you can enjoy great music, even when there is no other sound source nearby.

# BLUETOOTH SPEAKERS

## YOUR FAVORITE MUSIC EVERYWHERE YOU GO!

Everyone likes to party outdoors. Playing on the beach, in the city park, during a picnic, or in the garden with music in the background, always sounds like a nice time with family and friends. These pleasant moments will be perfectly enhanced by the pure sounds of your favourite songs coming from the portable speakers available in the PRIME3-brand portfolio. These devices are equipped with a Bluetooth module, which enables the transfer of music files via its A2DP profile from many different mobile devices, such as smartphones, tablets, and laptops. This connection allows you to play your favourite songs from your own music library, streaming services or online radio stations. Many models also have a built-in radio tuner with the facility to store your favourite FM stations, as well as a port to read sound files stored on SD cards, and an AUX input, allowing you to connect any external players to the speaker.

# WIRELESS EARPHONES

MAKE YOU WANT TO LISTEN TO MUSIC ALL THE TIME!

The PRIME3 AEP01 TWS wireless earbuds allow you to listen to music without restrictions, in a convenient place and time. They are an indispensable element for active people who like to listen to their favourite songs while running or exercising. They also work at home or in the office, are compact, and can be used in many ways. Their ergonomic shape makes listening to music for up to a few hours comfortable, while their silicone caps prevent them from slipping out of your ears, even during strenuous training.

They are characterised by a long operating time after one charge (approx. 1 hour) of up to 3 hours, or of up to 12 hours when powered from the case. The earbuds are charged via the USB-C charging socket.

The AEP01 TWS will enchant you with lightness, sound quality, and make you want to listen to music all the time!

# ELECTRIC KETTLES

IT WILL COPE WITH EVERY RECIPE FOR HEALTHY JUICE.

The kettle is a basic piece of kitchen equipment. You can find it in virtually every home and office, and everyone uses one every day. PRIME3-brand electric kettles owe their popularity to the convenience and speed of water heating. A cup of aromatic coffee or a mug filled with warming tea can be enjoyed as soon as after a few-dozen seconds from turning the device on. However, a kettle is not only an essential item in which you heat water for coffee or tea. It is also an important element in interior design.

# FOOD DEHYDRATORS

## AN EFFECTIVE, YET COMPACT FOOD DRYER.

Drying is a method of natural preservation known for centuries. Products retain their nutritional value, taste and aroma thanks to drying. An effective, yet compact food dryer is mainly used by those who like to pick mushrooms, which they then add even to Christmas dishes. With dried fruits, vegetables and herbs you can prepare your own infusions and teas, or have a dried pear, apple or kiwi as a sweet addition to oatmeal or desserts.

# AIR PURIFIERS

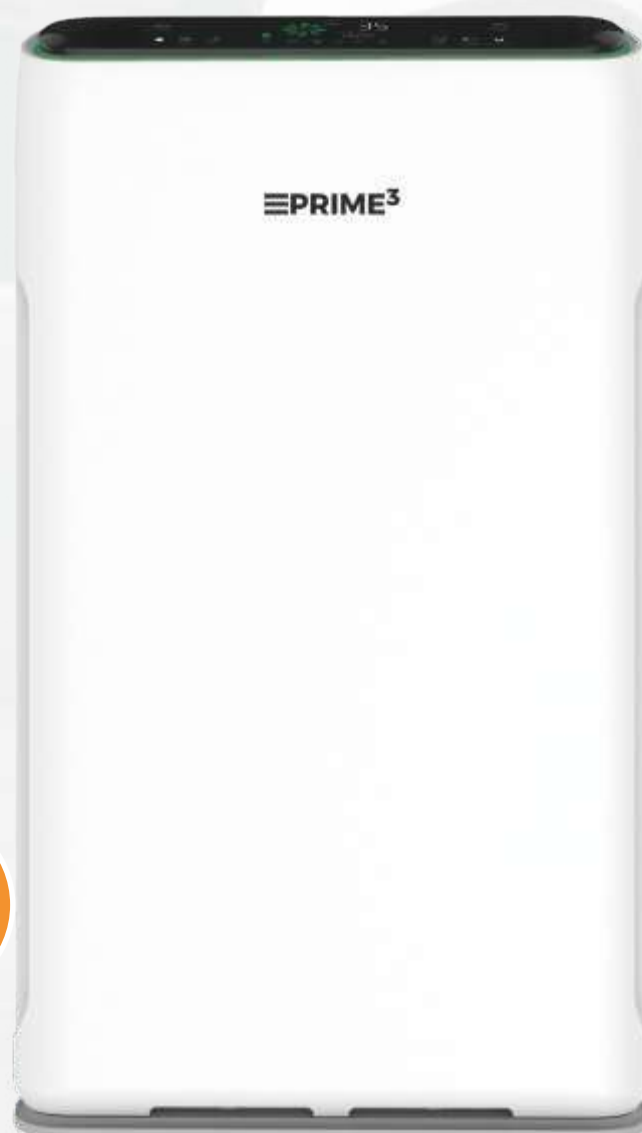

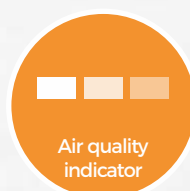

## TAKE CARE ABOUT THE AIR YOU BREATHE!

Polluted air is a problem people face every day. That is why more and more often they think how to take care of their own health and the health of their loved ones. PRIME3-brand air purifiers are the solution here, allowing you to effectively combat smog, dust, allergens, and mites, in homes, apartments, and offices. A purifier equipped with the right filter can remove from the air almost 100% of solid contaminants, micro-organisms, volatile organic compounds hazardous to health, and unpleasant odours. In addition, modern devices operate very quietly, so they can also work while we sleep.

# FAN HEATER

## HELP TO EFFECTIVELY WARM UP ON A COLD DAY!

PRIME3 fan heaters are devices which will effectively help you to heat your home on cold days. They are needed not only when severe winter reigns supreme outside. They will also work well before the heating season, when the main heating source doesn't yet work, the outside temperature is starting to drop progressively, and the cold begins spreading all through the house. It is also a perfect solution for cold mornings and cool evenings during a spring or summer stay in a summer cottage.

# GARDEN TOOLS

## GARDEN TOOLS MAKE A JOB IN THE GARDEN SIMPLE!

Every person who has their own piece of the garden knows what autumn means, leaves falling from trees or seasonal tree pruning. Cleaning leaves with a rake is not always effective, and often is a tedious activity. A leaf vacuum cleaner comes in handy, which will facilitate autumn cleaning in the garden, especially in the one with a lot of trees. A chainsaw is always a practical device when we need to organize branches or want to cut wood for the fireplace. Garden tools offered by the PRIME3 brand are easy to use and handy, which will make autumn cleaning enjoyable.
